BUSINESS OVERVIEW

Meridian Energy Group is an international energy brokerage and transaction facilitation company specialising in the intermediation of LNG, Crude Oil, and Petroleum Product transactions between verified buyers, sellers, and mandate holders across global markets. Founded in 2026, Meridian operates with a compliance-first approach, applying rigorous KYC/AML standards and industry-standard documentation frameworks to all transactions.

Meridian does not hold physical inventory, operate vessels, or provide financing. Meridian acts exclusively as a facilitating broker, earning commission upon successful transaction close as agreed per IMFPA with all parties.
